

Emergency Management:

As a parent you may want to know Southwick School's schedule for practicing emergency drills.

Emergency Management:

Southwick School has 5 emergency procedures:

- 1) Evacuation/Fire Drill
- 2) Reverse Evacuation
- 3) Hit the Deck
- 4) Shelter in Place
- 5) Lock Down

September – Evacuation / Reverse Evacuation (recess)

(Please set up a time as a grade level team when the team will be practicing the reverse evacuation at recess or another time set up as recess. Let Mr. Hines know what you have scheduled.)

October – Hit the Deck

November – Shelter in Place

December – Lock Down

January through June there will be at least one review of each of the emergency procedures that will **only** be mentioned to staff when the procedure will occur. You certainly may refresh your students of the procedure and let them know that we may have one.
