**GUIDANCE:**  
*Ms. Elise Smith*  
*Dr. Phillip Mead*  
*Ms. Lauren Zimmerman*

January 29, 2010

Dear WRMS Parents/Guardians,

The NECAP scores for the 2009 test administration were released today. At this time, we do not yet know our AYP status from this testing; we will be notified sometime this spring, after the DOE makes all the necessary calculations. Although we did not make overall gains this year, the good news is that our scores are relatively stable. This has been a year with many changes and our teachers are receiving a great deal of professional development. It is my expectation that this will begin to impact our scores in a positive way as we move forward. Below is a graph of our overall results prepared by Suzan Gannett, our district Curriculum Director.

Once we receive the parent copy of your child's test results, we will be mailing them home along with your child's winter NWEA assessment scores. Our teachers will be working collaboratively and individually to analyze assessment scores and plan changes to the delivery of instruction aimed at moving all students into the proficient range.

If you have any questions, please feel free to contact me, or feel free to talk with your child's teacher.

Sincerely,

Dr. Pamela Miller  
 Principal
